Meat is our great passion

The Sprehe Group of Companies has consolidated its operations in Cappeln, Lower Saxony, and currently manages eight brands from there, with numerous production sites across Germany. One of these production sites is Meistermacher Convenience Food GmbH. The “Dörffler Würstchen” brand is marketed from this site, with products available in various weights. The product overview below shows how the “Dörffler” brand is represented and how you can market your brand using an example design/layout

Your brand is also in good hands with us. Sprehe products are manufactured at 14 sites across Germany. ‘Made in Germany’ enjoys a high reputation in many export markets. All our facilities share a corporate philosophy of ensuring uncompromising quality through the highest standards and continuous innovation processes.

In product development and in manufacturing processes. No wonder, then, that discerning meat connoisseurs appreciate our fine range both at home and abroad. We have a particular strength in implementing the concepts our retail partners desire for their own brands. With our expertise and our modern production sites, we fulfil all customer requirements.

We are a reliable partner – for your success too.

Place your brand in our capable hands with confidence.
